Introduction

This HPR I Children's Service Manual has been created as a resource guide for parents and professionals seeking help for children. The information compiled in the following pages is meant to link individuals with information and services that serves to:

- Ensure the growth and development of children from birth to age three who have or are at risk for having developmental disabilities, and to support the families of these children.
- Enable children with mental illness, intellectual disability and/or substance abuse disorders to remain in familiar environments while receiving services and/or treatment when at all possible
- Provide crisis intervention which is available 24 hours a day.
- Promote resiliency in youth and communities through prevention and education activities.
- Meet the residential, outpatient, and day support service needs for children requiring services.
- Effectively treat individuals with substance abuse disorders.
- Support the efforts of schools, Departments of Social Services, law enforcement agencies and courts in coordinated manner.
- Assist families in caring for members with mental illness, intellectual disability, and substance abuse disorders.

Community Services Boards (CSBs)

A community services board (CSB) is the point of entry into the publicly-funded system of services for mental health, intellectual disability, and substance abuse. CSBs provide pre-admission screening services 24-hours per day, 7 days per week.

- Alliance Human Services Virginia

<http://alliancehhs.org/ahs-virginia.html>

- Braley & Thompson

434-832-1326

115 Hexam Drive, Wyndhurst

ALL referrals must come from DSS or be funded by CSA; supervised visitation (open to anyone, no referral necessary); therapeutic foster care (primary service offered), emergency relief respite (will place children in short-term foster care away from parents or other foster family); services paid for by CSA funding, CAID/CARE, sliding scale for uninsured.

- DePaul Family Services

434-528-0184

2515 Langhorne Road, Lynchburg

MH Support Services; In-home services; community-based mentoring (kids not in foster care but old enough for MH supports); foster care (referrals usually from DSS but can do non-custodial referrals, i.e. CSB, etc), reunification services through DSS (birth parents who have lost custody of 1 child or more); independent living program (ages 17 and older; currently only in Charlottesville and Roanoke); mentoring for college students; adoption services through foster care system; adults with developmental disabilities (day support, group homes, respite, care providers).

CSAs

The Comprehensive Services Act is a Virginia law designed to help troubled youths and their families. State and local agencies, parents and private service providers work together to plan and provide services to children who have serious emotional or behavioral problems; who may need residential care or services beyond the scope of standard agency services; who need special education through a private school program; or who receive foster care services.

Throughout Virginia, teams known as Community Policy and Management Teams (**CPMTs**) implement the Comprehensive Services Act as specified by the *Code of Virginia*. The governing bodies of Fairfax County and the cities of Fairfax and Falls Church work jointly to implement the CSA locally through the Fairfax-Falls Church Community Policy and Management Team (CPMT) -- with the goal of strengthening and reuniting families.
