This is a FLSA exempt position. The incumbent serves as the agency primary policy analyst and the quality assurance and medical records manager. In this capacity, he/she has responsibility for staying current with all statutes, researching impact to the agency, and generating policy and procedure recommendations. The incumbent will provide needs assessment data, planning information, in-house evaluations, other documents as needed regarding overall agency functioning. The tasks are accomplished through technical research, Department of Behavioral Health and Developmental Services contacts, evaluation studies, communications with personnel across disability areas and with other appropriate resources, meetings with staff. This position provides direct supervision of the Program Manager of Compliance who oversees medical records and quality assurance staff.

MAJOR DUTIES:

1. Research, measure and analyze Region Ten CSB compliance with Federal and State statutes, Medicaid regulations, Department of Behavioral Health and Developmental Disabilities requirements, CARF standards, HIPAA regulations, state licensure requirements, and Region Ten's own policies and procedures.
2. Interpreting regulations and policies.
3. Develop, implement and review Compliance/Quality Assurance policies and procedures and quality management systems agency-wide.
4. Develop client related policies and procedures, and maintain the Region Ten Services Manual and program manuals on the Region Ten network.
5. Provide on-going monitoring and evaluation of agency policies and service delivery practices to identify potential risks, including health, safety and emergency procedures.
6. Work cooperatively with Leadership Team and staff to create user friendly policy design and implementation.
7. Partnering with other business functions to promote compliance with regulations and divisional policies and procedures.
8. Ensure the agency's preparation for Medicaid, state licensure, HIPAA and CARF reviews.
9. Coordinate with Program Manager on oversight of Human Rights investigations.
10. Accomplish all essential tasks for successful evaluation and/or the procurement, modification, and maintenance of all agency licenses.
11. Research, measure and analyze Region Ten CSB compliance with the correct use of the Electronic Health Record and ensures staff training as needed.
12. Coordinate required medical records changes.
13. Supervise QA staff.
14. Assist the Senior Director in conducting in-house service evaluations and targeting Quality Improvement measures.
15. Participate in compliance meetings at VACSB and maintains relationships with all partnership networks relevant to the position.
16. Oversee quality assurance process, medical records reviews and external record audits.
17. Oversee the human rights complaints and critical incident reporting and resolution.
18. Ensure the timely reporting of CCS3 data required by the state.
19. Participate on the strategic planning committees as necessary to hear input on issues.
20. Work with Senior Director to implement system reports and dashboards created by the data management Committee to meet internal and external requirements of the organization.
21. Organize and maintain a library to include current state standards, local and state plans, licensure requirements, RTCSB policies and procedures and compiles examples of information and systems to be used for the continued improvement of RTCSB.
22. Teach various ongoing trainings which are required for their staff and agency staff.
23. Provide a conduit for agency information to be communicated to all staff that are supervised around QA issues.
24. Attend all training updates on the electronic health record. Serve as the conduit of information and ensure education and updating of all of your staff on the electronic health record, data accuracy, and quality documentation.
25. Perform other duties as assigned.

QUALIFICATIONS:

Master's Degree in behavioral health science or related field such as Public Administration, or Business Administration with five years of professional experience in quality assurance, utilization review, program planning & evaluation activities and coordination in the area of clinical and/or community services, involving compliance with statutory regulations, or a combination of bachelor's degree, training, and experience that provides the required knowledge, skills and abilities.
