- Community and home based crisis intervention and stabilization support
- A multidisciplinary support team utilizing a biopsychosocial approach

REACH Mission Statement

Individuals with developmental disabilities shall be supported with services that allow the individual to live the most inclusive life possible in his/her community, which includes access to appropriate and effective crisis stabilization, intervention, and prevention services, including mental health treatment services when indicated.

Adult REACH Region I

24/7 Crisis & Referral Hotline:
855-917-8278

Adult REACH Region I
672 Berkmar Circle
Charlottesville, VA 22901

What is REACH?

The REACH program is designed to meet the crisis support needs of individuals who have a developmental disability and are experiencing crisis events which put them at risk for homelessness, incarceration, hospitalization, and/or danger to self or others. REACH programs offer an additional layer of support to emergency services, the state hospital system, and caregivers who work most closely with individuals with a developmental disability (DD).

Who is eligible for REACH services?

REACH is a lifespan program that serves children and adults across the state.

In Region I, Easterseals UCP provides REACH services to adults ages 18 and up.

Individuals must have a documented intellectual and/or developmental disability AND co-occurring mental illness and/or significant behavioral challenges.

REACH can be contacted 24/7 via the crisis line at 855-917-8278. However, in the event that someone is a danger to themselves or others, please call 911 and request assistance from emergency responders first, and then follow up with a call to REACH.
