Dear New Resident,

I would like to take a moment and welcome you to Bridges to Recovery. The staff and I know that you had options for treatment, and we want you to know that we truly appreciate the opportunity to provide service and support for you. Our hope is that with this support you may rediscover that health, peace, and self-compassion are not out of reach, but waiting for you to be the person you want and know yourself to be. Your presence here is a gift as it allows us to fulfill our passion for helping others.

I have a few things to share with you about our program. We are a 30-day Residential Treatment Home. We only provide service to twelve residents at a time. We start the program together and we complete the program together with a formal graduation. Therefore, we do not provide for "Drop-Ins", we hope, and we motivate each of you in the program to draw strength and support from those in your immediate group.

Enclosed you will find a packet of information, directions, and documentation. We ask that you review the enclosed documents carefully and complete them expeditiously and honestly. Please review the check list and to ensure that you bring the needed items, as you will be aware of the items that are prohibited.

Once again, the staff and I thank you and we look forward to assisting you in becoming the person that you have longed to be.

Sincerely,

A handwritten signature in blue ink that reads "Jason A. Stevens". The signature is written in a cursive, flowing style.

Jason A. Stevens  
CEO, Bridges to Recovery
