

Mainspring Ancillary Service Fees

All would be billed according to the Medicaid fee schedule reimbursable amount and all ancillary services are based on the medical necessity of the client.

Typical ancillaries would be:

New patient visit for the H & P which is a time-based code.

- An initial visit with the physician for the H & P would generally be between \$122.54 and \$132.71 depending on time spent.
- A follow up visit with the physician would range between \$41.67 and \$131.72 depending on time spent.

If the client has psychiatric needs, then there would be a new patient visit and likely an established patient visit billed (both time-based).

- An initial visit with the psych NP would be approximately \$112.80 depending on time spent.
- A follow up visit with the psych NP will generally be between \$56.50 and \$79.90 depending on time spent.

Lastly, there is an average of 2-3 UAs per client that are billed.

- UAs are \$12.60

***Funder is also responsible for costs of medications if client is uninsured
